Full Stack Developer | [GitHub](#) | [LinkedIn](#) | [Telegram](#) | maksymbabiiwork@gmail.com | +380638827080

I'm a Fullstack Engineer with over five years of experience building web apps. I've worked with a bunch of cool tech like React, Svelte, SvelteKit, NodeJS, NestJS, Vue, and a bit of Golang. I love turning ideas into reality and solving problems with code.

Experience

Viorex

Lead Front-end | May 2024 – Present

- Mentored and supported junior devs, creating a collaborative and fun work environment.
- Built a monorepo system and automated our workflow with GitHub Actions and Docker
- Architected and implemented the entire project from inception, establishing a robust infrastructure to support future growth.
- Made a library of components and utilities to speed up development and keep things consistent.
- Prioritized tasks, managed time wisely, and helped junior devs stay on top of deadlines.

Lampa Software

Middle Full Stack Developer | May 2023 – May 2024

- Developed and maintained server-side functionalities, including API logic.
- Improved system reliability by building secure APIs. Created connections between the front-end and back-end.
- Led team briefings to share insights on cutting-edge technologies.
- Made sure apps worked smoothly on all kinds of browsers.

Biveri

Middle Front-end Developer | November 2021 – May 2023

- Led the project from the very beginning, from the initial idea to the final product.
- Reviewed code for quality, identified improvements, and ensured adherence to coding standards.
- Mentored junior developers, sharing knowledge and experience. Organized training sessions and helped solve coding challenges.
- Built a toolbox of reusable code bits to speed up development and keep our projects consistent.

Arixess

Junior Front-end | March 2020 – November 2021

- Helped build and improve server-side features. Wrote code for the API to power the service.
- Quickly adapted to changing project needs and helped deliver high-quality software in regular updates.
- Took initiative in the development of new features to make the app better.
